## **ALEX VAN DEN HEEVER**

### ***The Power of Relationships***

The transforming nature of true friendship is beyond dispute, everyone has their own personal experiences and has enjoyed the rewards of committed friendships. But what of the relationships that develop between colleagues? Can these be as powerful as spontaneously formed friendships? Can healthy interpersonal relationships in the corporate environment lead to greater levels of personal and financial fulfilment?

**Alex van den Heever**

**Renias Mhlongo**

The answer is a resounding, 'Yes' says wildlife expert and inspirational speaker, Alex van den Heever. In his presentation *The Power of Relationships* he provides the keys to unlock this latent potential.

In his dynamic presentation, which is accompanied by powerful visuals, Alex demolishes the walls that isolate each one of us. He uses the real-life story of his life as a game ranger at Londolozi Private Game Reserve and his relationship with tracker Renias Mhlongo to convey trans-formational wisdom and insights.

Alex, a new generation of South African speaker, doesn't offer a methodology but rather an ability to inspire the audience and open their minds to their potential as individuals and as a team.

**Alex tells the story of his own path to abundance; it's a tale of extremes, white and black, man and boy, apartheid and unity, emerging world and developed world.**
